

#### **EXPERIENCE**

## Owner, Holly Warfield Designs

06/2021 - Present

Freelance design services specializing in 2D motion design, editorial illustration, vector illustration and brand development.

## Visual Designer at Cix Health

12/2019 - 06/2021

Solved complex problems through meaningful designs rooted in user research and discovery. Developed and owned all illustration, iconography, and visual design of the app, social media, and marketing campaigns. Collaborated closely with developers and provided detailed acceptance criteria for designs and QA'd the app before release.

### Designer at Snagajob 09/2018 - 12/2019

Played a key role in concepting and developing Snagajob's new brand. Worked closely with stakeholders and content strategists to create highly strategic visual assets for a wide range of marketing campaigns. Conducted user research and discovery to help guide marketing and design decisions.

## Associate Designer at Snagajob 08/2017 - 09/2018

Specialized in creating visual content for our blog and organic social media channels to engage our worker audiences. Participated in research sessions to gain important insights into our target audience.

# Editorial Graphics Designer at Forbes 09/2016 - 08/2017

Supported Forbes' mobile and social media teams. Collaborated with section editors and product managers to concept and design a wide range of visual assets, including data visualizations, 'snackable' social media content and animated videos. Often worked under tight deadlines to create supporting visuals for timely or trending news stories.

## Marketing Intern at 93 Octane

06/2016 - 08/2016

Supported the agency with market research, website updates and social media content ideas.

## **EDUCATION**

**James Madison University** 

2012 - 2016

B.A. in Media Arts and Design, Journalism Concentration
